TECHNICAL SKILLS :

- **LANGUAGES** - JavaScript , Python Basics , Java Basics , SQL , C
- **IT CONSTRUCTS** – Data Structure and Algorithms , OOP , OS , DBMS
- **WEB DEVELOPMENT** – HTML, CSS, JavaScript, ReactJS, ExpressJS, NodeJS, Tailwind, Bootstrap
- **WEB DEV TOOLS** – VS Code , GitHub

ACADEMICS :

- Currently pursuing **BCA** from Calcutta Institute of Engineering and Management, with an expected graduation **in 2025** and a current **CGPA of 7.56**.
- I completed 12th Grade from WBCHSE with **88.2%** in 2022.
- I completed 10th Grade from WBBSE with 53.2% in 2020.

PROJECTS :

1. **My Portfolio (July24 – Aug24) [LINK]** :

Developed a fully responsive portfolio website utilizing **HTML, CSS, and JavaScript**. The project showcases strong front-end development skills, with a focus on seamless user experience and adaptive design across various devices and screen sizes.

2. **Travel Booking Website (Jan24 – May24) [LINK]** :

Built a tour and travel website using the **MERN** stack. Used **MongoDB** to store travel packages and user information. Implemented **Express.js** and **Node.js** to create the back-end for handling bookings and user authentication. Developed the front-end with **React** to ensure the site is responsive and easy to use on all devices.

TRAINING & INTERNSHIPS :

• **Industrial Internship on MERN stack (Nov23 – Sept24) [LINK]** :

Completed a MERN stack internship at Ardent Computech Pvt Ltd, where I gained hands-on experience in full-stack web development. During the internship, I learned to build and deploy web applications using MongoDB, Express.js, React, and Node.js. The program focused on **practical skills**, including **database management, API development**, and creating responsive user interfaces.
